The mission and values of the Cardiopulmonary Department reflect Hackettstown Regional Medical Center Hospital's mission and values.

Mission:

We strive to provide the highest quality of cardiopulmonary services with special attention to the physical, psychosocial and spiritual needs of our patients and their families.

Values:

To support our cardiopulmonary professionals growth and development through continuing education, and to foster accountability and responsibility for professional judgment.

To encourage and facilitate an interdisciplinary team approach to patient care, and encourage patients and their families to be active members of the team.

To educate patients and their families about health care options so that they can make informed decisions.

To respect a patient's rights when determining the extent of care.

To ensure the comfort and dignity of every patient throughout his/her life and at the end of a patient's life encounter.
