Origin: Cardio Pulmonary

Authority: Cardio/Pulmonary Manager

Page: 1 of 1

Purpose: To provide a safe environment for the pacemaker patients during Pacemaker Clinic Visit.

Procedure:

- The Pacemaker Clinic will follow all standards per Hackettstown Regional Medical Center regarding electrical safety. All staff and patients are to be evacuated to the main hospital lobby when fire alarm is sounded.
- All Equipment will be inspected every six months by Bio-Med department and labeled with date of testing. New equipment will be inspected by Bio Med prior to use.
- All equipment will be checked daily for integrity of the cords and plugs.
- Red outlets will be used for equipment during testing.
- All programmers will be attached to the back-up generator during testing.
- Any questions regarding the safe operation of equipment will be referred to the Bio-Med Department.
