GOALS FOR THE DEPARTMENT OF NURSING

1. Advance the practice of clinical nursing in a safe, quality environment.
2. Provide adequate resources for implementation of nursing care to meet patient care standards.
3. Foster an environment that encourages evidenced based practices, research, creativity, inquiry and personal growth in staff members.
4. Retain a staff that is up to date in knowledge, application and conceptualization of nursing practice.
5. Maintain collaborative relationships with other departments of the institution.
6. Foster a collaborative working relationship between Administration and the Medical/Dental Staff.
